

Hose Kits with eSafe

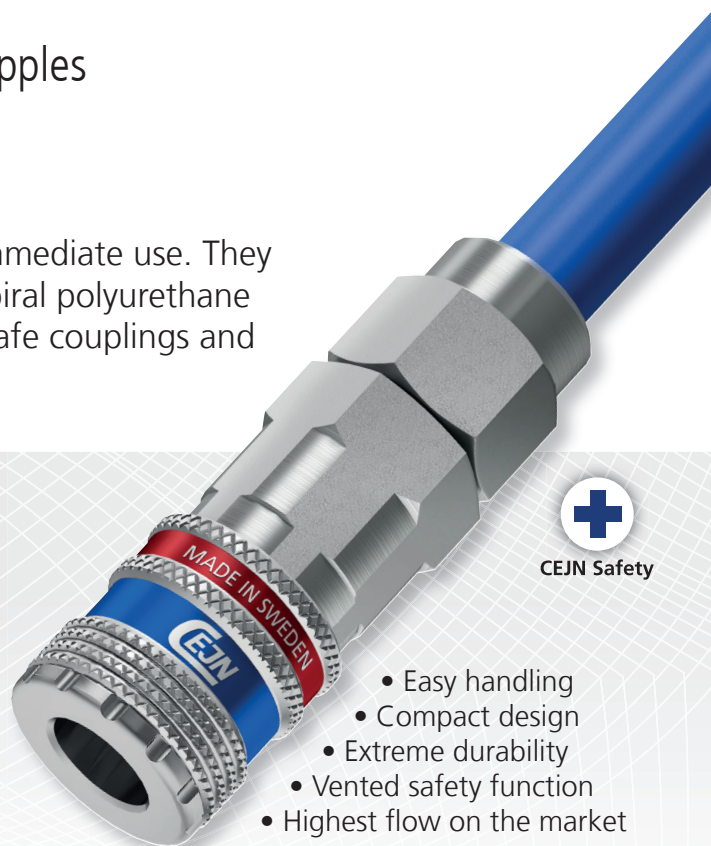

– *The new generation couplings*

- Series 320 and 410 eSafe couplings and nipples
- Flexible PUR hose with long service life
- Pre-assembled and ready to use

CEJN Hose Kits come pre-assembled and ready for immediate use. They consist of an extremely flexible, straight braided or spiral polyurethane (PUR) hose combined with Series 320 Standard or eSafe couplings and nipples with reusable Stream-Line connections.

CEJN's coupling series eSafe is the new generation couplings. eSafe is an innovative and patented safety coupling offering the highest flow combined with a low pressure drop. In addition, eSafe has a low connecting force, compact and easy to grip design - making it the natural choice when choosing a safety product with top of the line features. Its extreme durability together with the high flow and low pressure drop gives you maximum operation productivity and a reliable product for years to come.

CEJN Safety

- Easy handling
- Compact design
- Extreme durability
- Vented safety function
- Highest flow on the market
